Greetings. I'm Jason (otherwise known as JAY). And I'm DANNY (or just dan). This is our zine. Not yours, or your dog's, or a stupid kid named ryan's but ours. We started it, we made it, and you were dumb enough to buy it. So find yourself a nice, quiet place where you can pick your bottom, eat your day-old sardines and read our zine. Yes even though you now own it, it's still "our" zine. Inside you will find various interviews, cartoons, art work, photos, insults, music reviews, stories, a poster, an ad, a postcard, and so much more. So read and enjoy, and don't worry about relating.

Hi, I'm Scott Kirk and I'm Jay's arch-enemy. I listen to suicidal tendencies and I've considered buying Vision. Street wear shoes, but I put skate's down. They're not as good as me because I play football and I do drugs. When I'm with my friends, I'll even threaten to beat up Jay and his friends. But for some strange reason, I don't say anything to him when I'm alone.

A SPOT WE FOUND  
 One night me and Kevin and Tony went in one of our city's drain tunnel openings and we saw a very skateable surface except for the fact that it was wet. So wet, in fact, that it had about 6 inches of water in the bottom. It was raining that night and the water started getting deeper and noisier and thus a bit more frightening, so we left. It was very cold as we walked to stop-2-shop. When we got there we realized that I was the only one with money (\$1), so we had a very tight budget. We bought a bunch of Jolly ranchers and just kind of sat and talked. We also made bets on which porno people would buy since we were close to the magazines. "I say he's getting the Cheris" "I say Playboy." "I say Penthouse"-that was fun. Below are some pics of that fun evening, along with another, which has no meaning. We hope the tunnels get dry enough to skate this summer. -JAY

## Joe Jack Talcum Interview

CIRCLED PORTIONS ARE JAY  
UNCIRCLED ARE JOE

How old are you? 25!

What bands were you in before the Milkmen? No bands. But Dave and I separately call ourselves "Ornamental Wigwag" and I might play keyboards for a "Mott The Hoople" cover band called "Mosh The Hoople".

How did the four of you meet? Rod met me in high school at the lunch table. He was always the center of attention telling jokes all the time and I didn't say a word for like 6 weeks straight—we were total opposites. Then I went to college with Dave's brother Joe and met him one night in the dorms and Dean was playing drums for a band that Rod and I went to see in Philly. It was at a bar but we had fake id's.

What do you do? I play guitar, I write songs, I cook and sometimes clean up around the house. When I visit my parents I mow the lawn but where I live there is no lawn. I go fishing when I have the time and when the weather is right, usually bass fishing. I like playing music, not only with the Milkmen but with anybody.

Who do you do so with? Well, I go fishing with Jeff Hunsberger who I share an apartment with, so I eat with him too, and cook and clean and all that. He's a painter and an art student. I play guitar with him sometimes too when he should be working on paintings or writing papers.

Favorite foods? Pizza.

What do you think about drugs? There are some drugs I will have nothing to do with crack, cocaine, heroin, xtc, meth, crank... but when it comes to alcohol and pot I have mixed feelings. I have used them on occasion. I understand that they can be as addicting and as bad as

JAY AND DAVIS ORDA

other drugs but I don't feel addicted to them. I'm not that crazy about them. I drink coffee every now and then too.  
What do you enjoy most in life? Good Pizza and music.

How long have the Milkmen been a band?  
Since July 22, 1983.

What kind of car do you drive? None. I have to get people to drive me around or I take buses and trains.

What other music do you listen to? Meat Puppets, Danie & Johnston, Cajun/Creole/Zydeco music, blues, rock'n'roll, Bob

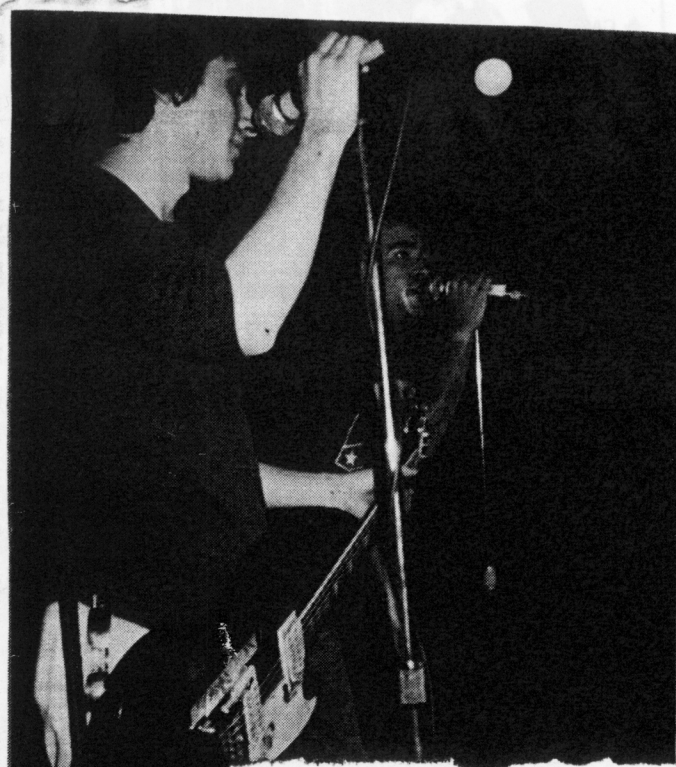

Dylan.

Abbreviated biography—Born October 15, 1962 in Coatesville, Penn. when I was a little kid I liked the Partridge Family and the Beatles. I never had a pet turtle. At age 5 I attended kindergarten I refused to talk and my parents thought something was the matter with me and then I slammed my hand in the car door and developed a fear of car doors. At age 16 I recieved my driver's license from the state of Pennsylvania and immediately drove to Lancaster with my girlfriend, who worked at the soda fountain of the drugstore where I worked. I met Rodney around that time and started writing about the Dead Milkmen. I started listening to the Sex Pistols and The Ramones and Bob Dylan and The Band. I bought an electric guitar and a Big Muff and went to college at Temple University where I met Dave who was drinking gin & tonics with a school mate of mine who was into Punk rock. At age 20 Dean started drumming with us.

I graduated from Temple at age 21 and took a job at the university library full time. After working for one year I quit the job to go on tour with the Dead Milkmen and that's what I've been doing for the past 3 years.

Closing comments? Don't buy stock in rabbit feet.

Hippies, Vampires. You've heard of both. Ok, maybe you haven't, but I'd like to assume that you have. In your mind, picture one of each. Let the vampire bite the hippie. Now watch the vampire spit because the hippie tastes bad. Dispose of the vampire. Now you have a hippie-vampire (it once was just a plain hippie). That is Allyn. Well, pretty much. Your hippie vampire could be Barney, Bob, Lonnie, Mike, Debi, Elizabeth, John, Carol, or Arnie Anderson. Let's just assume that it is Allyn so you'll have an idea as to what he might look like. Now, stop thinking and picturing and just read. It's 6:13pm on a thursday night. Allyn is lying in his coffin watching a different strokes rerun on his portable TV. "God you're lame, Arnold! You'll never be able to handle the gooch if you don't stand up to him!" Allyn says. He really gets into sitcoms. He cried when 3's Company went off the air. A couple of hours go by. Allyn is hungry. He opens his coffin, leaves his house, and heads towards the local 7-11. On the way, he notices two kids playing in the dark. A little smart girl that dressed funny named Corvette, and a little black boy named Rodney. Normally, Allyn doesn't like to hurt people, but this is such an ugly pair that he felt no guilt when he ate them. While at the 7-11, he hears the sirens and he smiles. He picks up some zizazags and barbeque potato chips, then heads home. He gets there just in time to see what's left of his meal on the news. And so, is a day in the life of Allyn. To Be Continued...
