# WORDS of WISDOM by Eric R.

As I sat down in my desk  
My mind began a one hour test  
A man in the front started the skillful bids  
The rolling flowing delinquent knowing names  
Of the misbehaving disobeying school skipping kids  
Mindless carefree games like  
Counting how many holes in a ceiling square  
Or how many squeaks you can make with your chair  
Are some of the thrills of living in this  
Socialist holiday  
Which makes me proud to say "I'm a Jay"  
While I pondered with my wonders  
I must have caught some Z's  
Because the person in front of me was a sleeze  
He turned into a beautiful girl eating cottage cheese  
And then the clock stopped  
My heart ungratefully flopped  
There was a loud pop- I thought I was dead  
Sensing someone above my head  
I was awakened  
There was a teacher-He was a skater  
He cussed and cursed about  
About how he was going to bust my butt  
He picked me up by the ear  
And told me things I didn't want to hear  
And then he threw me out  
As I was in the air I let out a shout  
And that's what detention is all about

Round One  
June 12, 1988  
Jefferson City, MO  
sponsored by Jeff  
City YMCA sort of

PICTURES by MARTY BULLARD

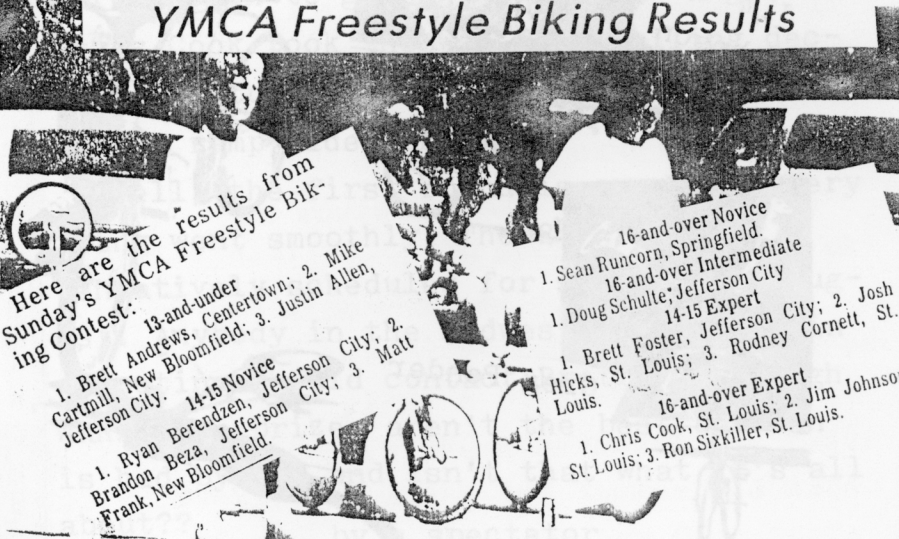

The weather was hot & humid, typical of a June day in Missouri. The main officers of the YMCA Freestyle group were at the Y parking lot at about 10:30 setting up. The actual contest started at 1:00. A couple guys from Columbia showed up first. Basic stud and WARP contributor Brett Vogel did not attend because of a soccer tournament. Too bad.

Soon after, the Springfield guys arrived. Greg Ponder pulled some cool Osborn type combos. These guys are proof you don't have to do the trendy tricks to be rad. At 12:30 the St. Louis dudes arrived and things were ready to begin. Here are the hot classes:

Brett Andrews severly ripped the 13-Under class! This was his first contest and he touched only twice He busted infinity roll decades, and leaned surfers. Second belonged to Mike Cartmill of New Bloomfield. Justin Allen got third.

Brett Foster thought he would have an easy class in 14-15 X but a couple guys from the Optical Illusion team in St. Louis gave him a tough time. Josh Hicks was the first out and he ripped. He pulled Hang 5's, elbow glides, and a funky chicken to pedalpicker Foster busted a rolling pervert, Spunkbug to boomerankle, rope-a-roni, and a spastic frontyard. Rodney Cornett did the same difficult tricks as his teammate, Josh, but a few too many touches kept

The 16-Over Expert class was dominated by the St. Louis dudes. Ronnie Six-killer took 3<sup>rd</sup> with smooth whiplashes, gliding frontyards in circles, and a

Well, the first round is over and everything went smoothly. The 2<sup>nd</sup> round is tentatively scheduled for sometime in August. Anybody in the Midwest interested in competing should contact Brett F. through WARP. The prizes aren't the best but fun is had by all and isn't that what it's all about??

no pictures but a detailed account by Brett F.

Scott Hemeyer, Neal Blank and I arrived at the Touring Cyclist in St. Louis around noon. We would've been there sooner but we got lost and ended up in the ghetto.

Before the contest was a cool jam circle. Jim Nissan was killing Hang 5's, Josh Hicks was pulling backwards decades and I did a pretty decent trolley.

The show made the 2½ hour drive well worth it. Brett Hernandez was ripping! HE pulled switch-footed elbow glides & forwards side glides, back & forth elbow glide, and a triple whiplash. Dave Voelker pulled some cool things but he flat-bottomed a lot (including a 540 slam.) I thought he looked better last year. Dino Deluca had a busted arm so he didn't ride.

After the show we rode with the St. Louis locals & Hernandez. I pulled my triple whiplash finally! & while I was sitting back being stoked Brett H. busts a Quad! What a wise guy! But anyway we went home at about 3:00 and started to prepare for Haro which was in two days.

# ASK BRAD

This is a new column where former skater and original schmegmade Brad Stockton AKA Stub gives his experienced advice to people in need of vast knowledge.

Dear Brad,

What's up? I got this problem and maybe you can help me. You see, I think freestyle biking is really neat and I'd like to start participating but it looks really dangerous. Is it possible to freestyle without getting hurt or could you suggest another activity that isn't so death defying?

THANKS,  
Still intact in JC

-Well, intact, I got the perfect sport for you. It's called Pickle Flinging and can be done in any fast food place and there's almost no chance of getting hurt. Don't forget to use an adhesive so the pickle will stick to the window. From experience I've found a ketchup/mustard combo works great! Seriously, anything you do has risks so just be careful and know your limits, oh, and wear safety gear if you want. Doesn't matter to me, I don't care if you fall.

Until next time-Stub

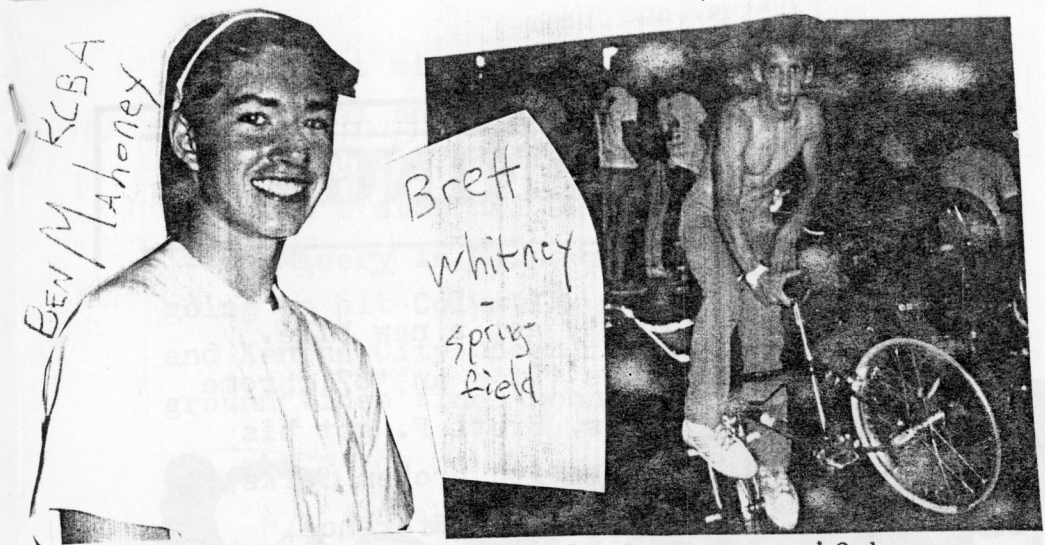

# FREESTYLE COMPETITION

## KANSAS AFA STATE CHAMPIONSHIP SERIES

We left Jefferson City at 4 am and arrived in Wichita at about 10:30. The ride sucked but was worth it once we got there. All the St. Louis guys were already there as well as Tom Raniola from K.C. Because of the unfavorable slick surface of the floor and the small amount of space, a lot of people were in the parking lot across the street. To tell you the truth, I don't have the results, so here's just a rundown of a few people that ripped:

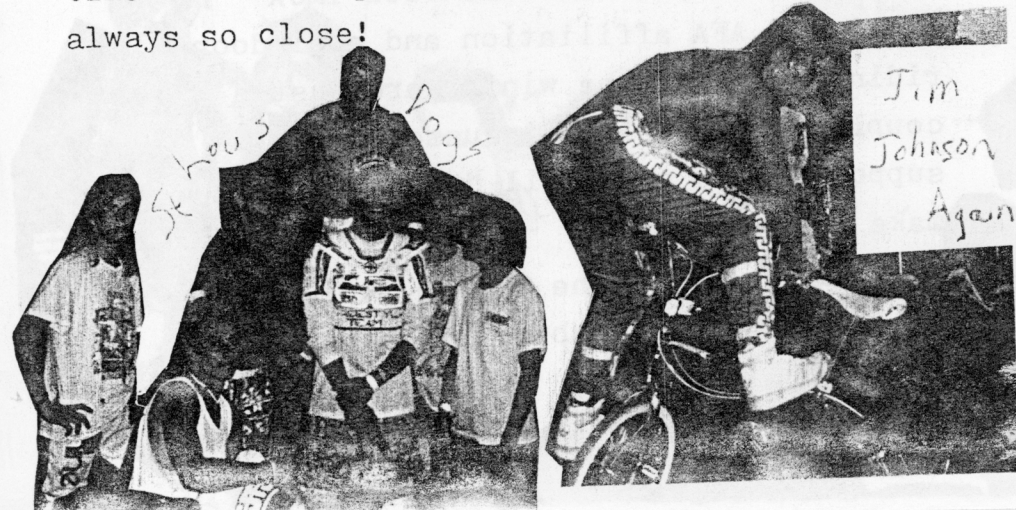

- Tom Raniola- Tom's starting to rip at the Masters and I'm not surprised. He busted one-handed Hang 5's with ease, doughnut holes, a rolling in & out, and spastic no-handed backyards. I'm pretty sure he won.
- Ronnie Sixkiller- This was his first AFA comp and he only touched once and hit every forwards trick in the book. First in his class.
- Jim Nissan- He only got second 18X but his run still jammed. His smooth double whiplash had everybody screaming
- Thad Miller- The dude's crazy. His turndowns are clicked and his airs are high. He's

pretty good on the ground, too, even if he doesn't take it seriously.

Ben Mahoney- another K.C. ripper. His spastic backwards wheelies are so fast it'll make your head hurt and his Hang 5 in tight circles to spastic frontyard are cool too. Ben's music screwed up so his run was lame but everybody knows he's rad and that's what counts.

Josh Hicks- Josh pulled a backwards decade in his run that stoked MANY I'd hate to judge mine & Josh's runs. I won by one point this time but he'll probably whip me next. We're always so close!

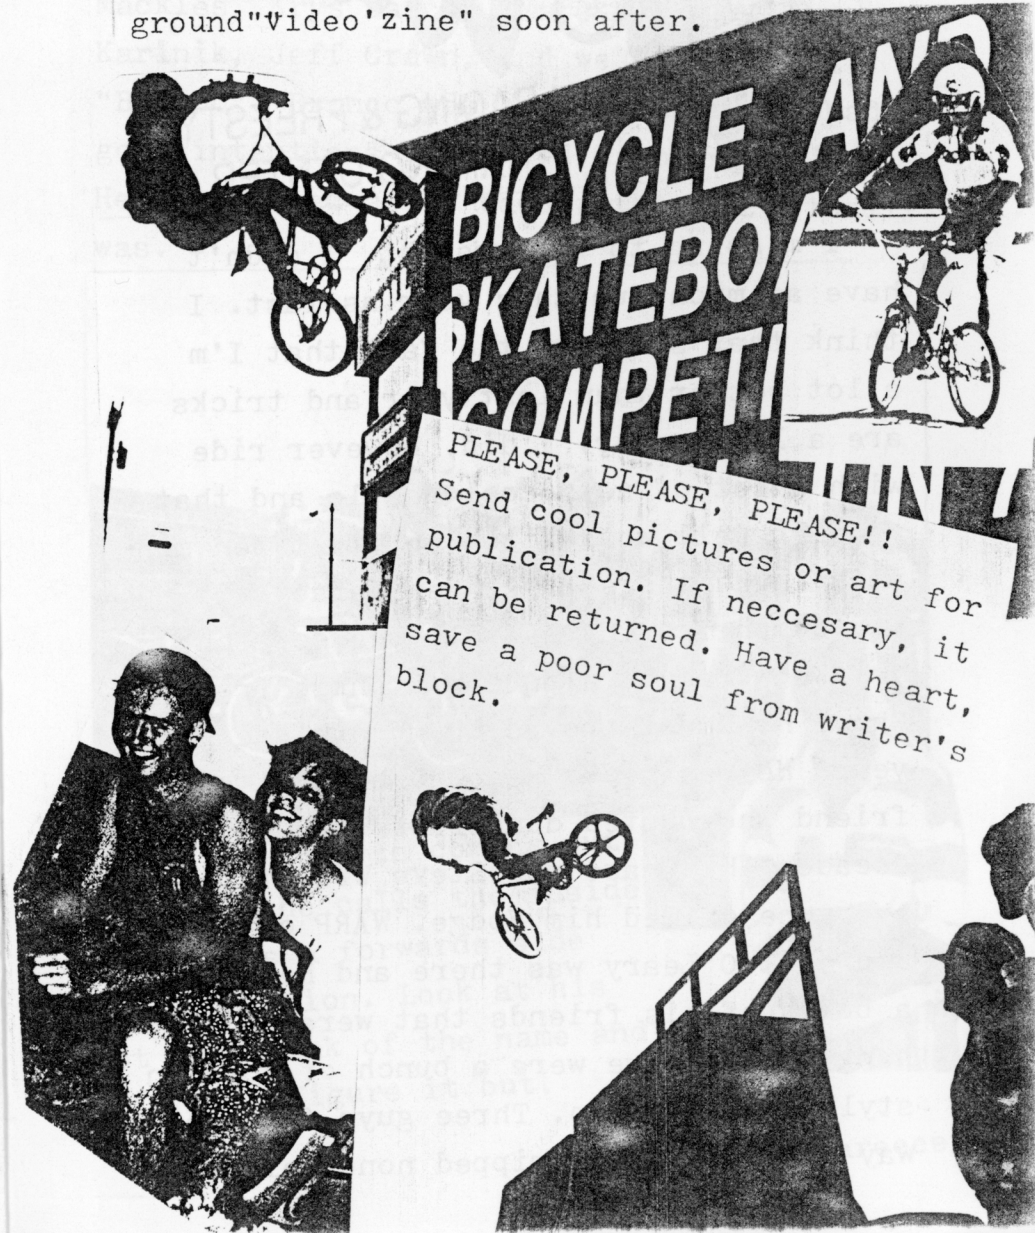

LOCAL

# HAPPENINGS

- 1 Neal Blank finally got a new bike. "New" to him anyways (it's an '87 chrome Haro Master.) And yes, Brett F. got his Sport back complete with broken forks . The new bike must make a difference, 'cause Neal's shredding! After 10 minutes on the Master he was doing whiplashes, elbow glides, and rolling rebates EVERY time! Look out folks, Spunkman's back!
- 2 Brett Foster was on the local news a few weeks ago. It was a segment called "One on One with Mr. Sports" where the local sportscaster challenges people to different things. Brett pulled a no-handed backyard and a double whiplash. Don't ask who won.
- 3 Lately, we've had some cool YMCA meetings. AFA affiliation and an indoor riding area for the winter are just a couple things we've discussed. Keep supporting us and we'll do our best to make things happen.
- 4 A 'zine first. The Thomas Jefferson library now has a subscription to Warp. No lie.

\*Last minute news from BF\*  
 Scott, Neal and I are planning a tour in August. We have no money but that won't stop us. Dubbed the "Warp 'zine/Misery in Missouri" tour, we're going to hit Columbia, St. Louis, and Kansas City. Look for an underground "video 'zine" soon after.

# WELCOME

# to

I'm going to be straight. I didn't have as much fun this year as last. I think that's due to the fact that I'm a lot better than last year and tricks are a lot harder. I did, however ride with a lot of new, cool people and that made it well worth it. The first ten minutes I was there I met New Jersey ripper Jason Troy. He had all the scratch tricks wired. I also saw Frankie from Ohio. He had improved SO much since last year. He was sick. He also brought a friend who busted dumptrucks and backwards decades. His name was Steve Wright but everyone called him Hodge. WARP contributor Pat O'Leary was there and he brought a bunch of his friends that were cool to hang with. There were a bunch of foreign stylers there, too. Three guys from Norway were weird but ripped nonetheless.

Two of the coolest bikers in the world had to be the dudes on the Swiss Red-line team. One sentence won't do them justice so go to the next page.

There were tons of instructors there! Here's a run-down: Joe Johnson, Chris Obermeyer, Danny Parks, Jason Lader, Paul Mackles, Krys Dauchy, Marc McKee, Mike Karinik, Jeff Crawn, and we can't forget "Bronco". Bronco was a ramp rider who had good intentions but ended up being a jerk. He also acted a lot badder than he actually was.

Here Marc McKee is coming out of a trick he calls the inside glide. It's a forwards side glide variation. Look at his foot and think of the name and you should figure it out.

Yo man! It's Gareeeey!

Yet another pic of Joe Johnson

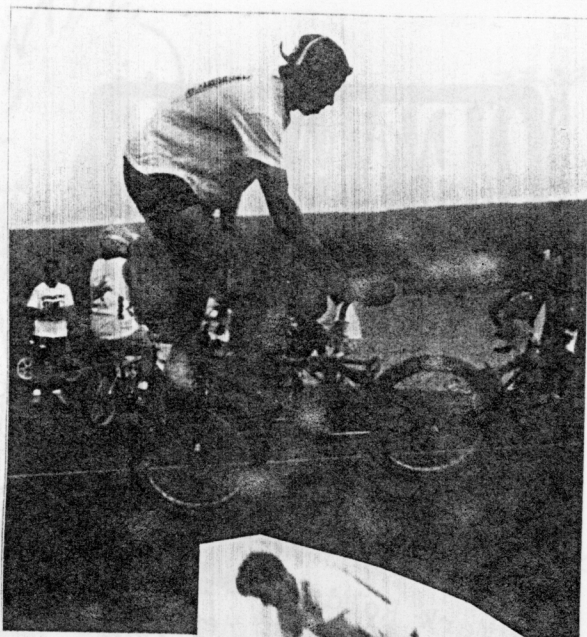

That's about it. Sorry there's not more pictures but somebody ripped off my other roll of film so enjoy what there is.

Danny Parks- an extremely cool guy

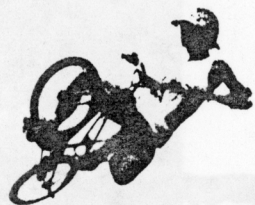

Top left: Jason Lader  
Top Right: Paul Mackles  
Right: Swiss dude Rolf

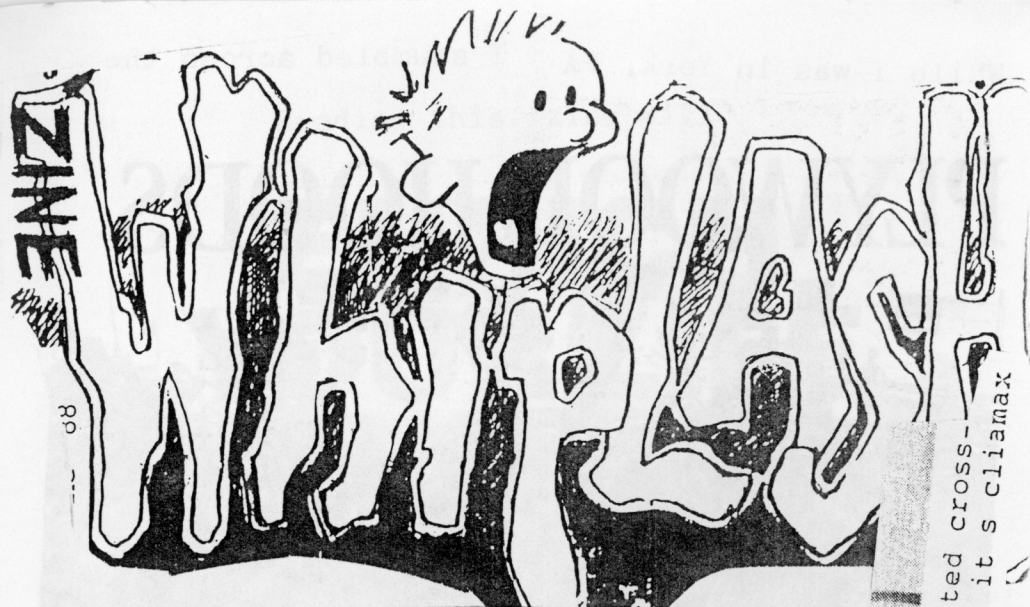

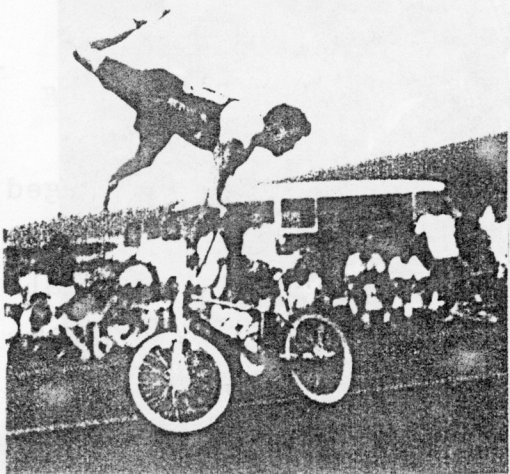

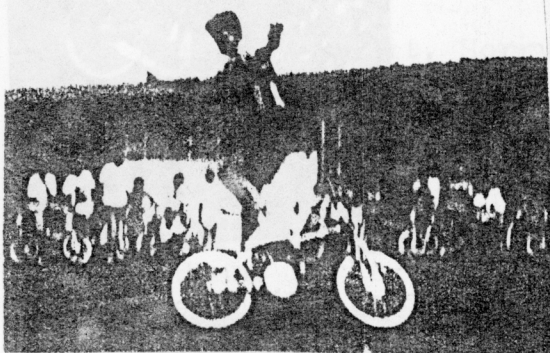

The Swiss yes, Switzerland dudes, Rolf and Dan are 2 of the coolest guys I know! These guys ripped! Let me give you an example of one of Rolf's tricks: Hang nothing-footed can-can Hang 5-switch-footed Hang 5-half-flash-forkwheelie-backwards whiplash-backwards elbow glide. It was sick. Dan raged too but what I'll remember about him is what he said to these gymnast chicks that hung all over everybody. Yes it was tasteless and yes he was paid to say it. I won't repeat it but it took guts, believe me.

# GENERAL BICYCLES

While I was at Woodward the East Coast General team stopped in for a couple of days and then did a show Friday. On this team are Mark Roldan, Jeff Mayer, Branden Morgan, & Phil Finkle. Here's some pictures...

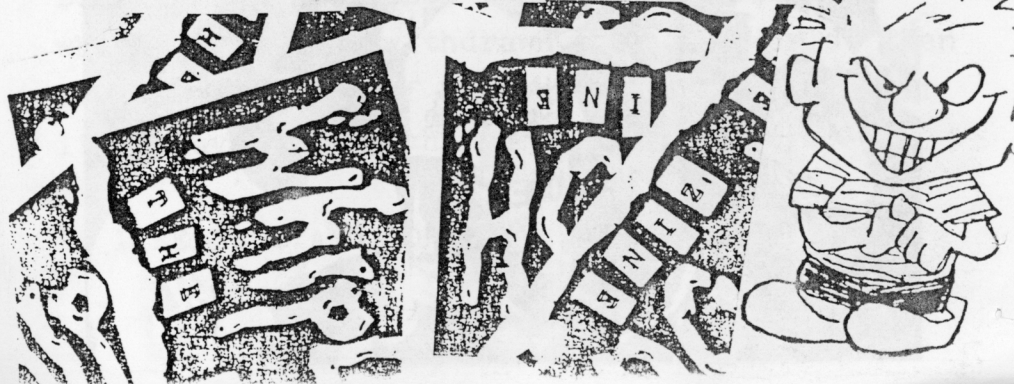

Whiplash is a nifty 'zine. I picked it up from instructor Jeff Crawn at Woodward. The editors of this 'zine are Lou Wolgast & Darren Kraft with controbutions by many including Jeff and General dude Branden Morgan.

The 4<sup>th</sup> issue of Whiplash contains stories on a bike contest, the local scene, Skate Escape contest, Victims of Society, posers, and trendy tricks. This 'zine is severely clean with good picture reproduction. For info write:

# PLYWOOD HOODS

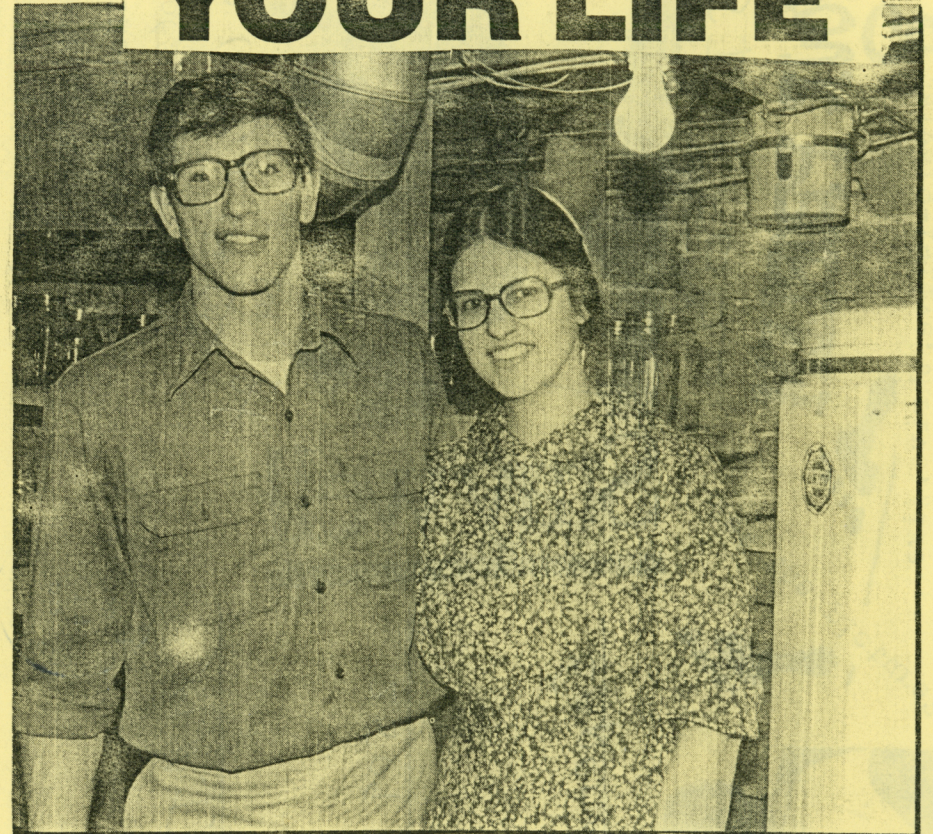

While in PA, I caught the Mongoose show in York. When the word 'York' is mentioned, most bikers think of the Plywood Hoods. They were there. Mark Eaton rips and so does John Huddleston. My pics of Mongoose sucked (Someday I WILL get a good camera) but some of my Hoods pics didn't so here they are.
